Vand i byer, Klimakvarter and Aalborg University invites you to an inspiration seminar:

Citizens in climate adaption / seminar on approaches and experiences

Borgere i klimatilpasningen / seminar om tilgange og erfaringer

What roles can citizens play in climate adaption? How do we as professionals engage citizens?

How do we work together and mix professional and local know ledge?

Get experiences from Portland, Skt. Kjelds, Middelfart and Kongens Lyngby and bring you own experiences and challenges:
